01. INDUSTRY PAIN POINTS

Why Traditional Schools & Tuition Centers Struggle

■ Fee Delays & Manual Cash Handling Institutions lose 15-20% revenue due to delayed dues, paper receipts, unorganized cash registers, and zero online payment options.	■ No Integrated Live Class Platform Rely on fragmented 3rd party video links with zero automatic lecture archives, attendance sync, or homework integration.
■ Zero Student Weak-Spot Visibility Students receive marks without understanding <i>where they lack</i> conceptually or what specific revision steps they must take.	■■ No 24/7 Access to Master Faculty Students get stuck late at night on homework doubts. Teachers are unavailable, causing learning drops & parent dissatisfaction.

02. UNIFIED SOLUTION

Making Both Schools & Coaching Institutes Smarter

■ For Schools (Smart K-12 LMS) • Full LMS Service: Class syllabi, digital assignments, study material vault & homework tracking. • Online Fee Payment Portal: Instant UPI, Cards, Netbanking with auto PDF receipts & parent SMS. • Live Virtual Classrooms: Conduct live lectures with attendance tracking & lecture recordings.	■ For Coaching & Tuition Hubs • Automated Fee Ledger Engine: Auto monthly billing, scholarship rules & late fine accumulation. • ST Guruji Voice AI Tutor: Doubts cleared in Sudhir Sir's real voice 24/7. • AI Student Weakness Insights: Auto-detects weak topics & delivers actionable study guides.
